TRUE Interactive Video Conferencing

Is there a better way?

Tired of the same old video conference clutter and chaos? Wishing everyone could interact with the content?

Ever had to rearrange browser tabs, videos, slide decks, etc. to present your message?

Finally - a neat, organized information dashboard for more efficient communication using interactive videoconferencing.

A Cloud Screen™ page affords everyone the opportunity to interact with content while talking about it.

Even better - users can change the page content, and quickly auto-refresh the view for everyone as the meeting progresses. Make changes anytime, as often as you want!

Your virtual meetings - more immersive & engaging.

Imagine your next:
  » Training/coaching session
  » Sales meeting/call
  » Live e-commerce show
  » Strategy session

Raising the bar with innovative software & solutions that will give you a competitive edge.
